

May:

## **Kittens *and their* Mothers**

**It's time for our second monthly pledge of 2017!** In honor of Mother's Day, King Street Cats' adoption pledge theme for May is Kittens and Their Mothers. KSC rescues many pregnant cats, and our wonderful foster families raise the kittens along with their mothers until they are ready for adoption! Therefore, in honor of these mom cats, if you would like to make a pledge for every kitten that is born to KSC moms or rescued with their moms by KSC in May, all you need to do is wait until the first week of June, when we announce how many kittens have been born and rescued; then you can send a check or pay online via Paypal. There is no need to email KSC to say that you are pledging for the month, but you are welcome to post a comment on our Facebook page to encourage others to pledge and adopt our moms and their kittens when they are ready for adoption. A pledge would also make a great gift for your cat-lover mother for Mother's Day!

**Thank you for your support of KSC's rescue efforts of mom cats!**
